

Horse Riding at Stanwick Lakes

Stanwick Lakes is a new 650 acre countryside attraction which offers opportunities for walkers, cyclists and horse-riders and includes a 6.5 km stretch of former railway line between Irthlingborough and Thrapston, which has just recently been surfaced.

Horse-riding is available on a permit system at a cost of £15 annually. This entitles the rider to use the routes shown on the enclosed map only.

Stanwick Lakes is a sensitive and special site for its wildlife and particularly for its breeding and over-wintering birds. It is also a mixed-use site which attracts a variety of visitors including many families with young children. With this in mind we have put together a code of conduct for horse-riders. If you follow the code, you will enjoy yourself, protect the wildlife and allow other people to enjoy their activities too.
