Stanwick Lakes

Save £s by joining Stanwick Lakes Membership Scheme

Stanwick Lakes, in East Northamptonshire, is a countryside attraction and nature reserve for everyone to enjoy. There is a unique play area for toddlers and juniors and an adventure trail and assault course for the very active, in addition to the many pleasurable routes for walkers and cyclists. There is also a visitor centre with a cafe, gift shop and other facilities.

One of the key ways of financially supporting the park is to charge for car parking, as in many other parks across the UK.

By joining the Stanwick Lakes membership scheme your household will receive unlimited car parking access and also be able to take advantage of other members-only offers!

How much does it cost?

For an annual fee of £25.00 per household the membership gives unlimited car parking access during the site's opening hours. (This relates to one car per visit).

The information you provide will only be used by Rockingham Forest Trust and its partner organisations to administer the Stanwick Lakes Country Park and to inform you of future activities and events organised by the Rockingham Forest Trust. If you do not wish to receive such information please let us know. Your details will not be passed on to any third party unless you give us permission to do so. The information will be deleted when it is no longer required. If you wish to see the information we hold about you, contact us by phone, email or post.

How much would I save?

If you are going to be regular visitors of Stanwick Lakes the membership scheme will be good value for money. The car parking fee for non-members is £2, rising to £3 at peak periods in the summer.

What are the additional members' benefits?

Members will be able to receive discounts on a range of goods such as sportswear and gifts at participating retailers. They will also be able to attend, free of charge, members-only events during the year.
